

Empathy Map

Date	15 March 2024
Team ID	SWTID-2026-1551
Project Name	Auto Ticket Classification using FLOW DESIGNER
Maximum Marks	4 Marks

Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

• SAYS • •	• THINKS • •
